

Shikha Agrawal

256-335-6192 | shikha120@gmail.com

Professional Summary

- Extensive 7+ years of experience working as UI developer, 3 years with mobile devices interfaces.
- Strong experience in the field of Web Applications development using **HTML 4 and 5, CSS 2 and 3, Object-Oriented (OO) JavaScript, jQuery, JQuery Mobile, AngularJs, RequireJs, NodeJs, Ionic, AJAX, XML and JSON.**
- Proficient knowledge of all phases of the Project Life Cycle that includes Requirements, Gathering and User-Analysis to Information Architecture (IA), **Graphical User Interface (GUI)**, and Implementation.
- Good working knowledge of SPA **MVC/MVW Framework –AngularJs, CanJS** and fair knowledge of **Backbonejs/Handlebarsjs.**
- Experience in complete **Software Development Life-Cycle (SDLC)** process with expertise in Planning, Reviewing Specification, Documentation, Scheduling, Design, Development, Testing, Implementation and Maintenance of Applications.
- Experience with version control tools such as **git, GitHub, Bit bucket, Subversion, Maven build tools.**
- Experience using automation tools such as **Selenium, Jasmine, Karma and Grunt.**
- Used **Java Script API** to customize the views, selects, filters, date and time.
- Capable of generating **tableau** dashboards with combination charts for clear understanding
- Broad experience using various IDE's such as **Eclipse, Dreamweaver, NetBeans and TextPad, ATOM**
- Strong ability to write clear, maintainable, well-documented, well-commented and efficient code for web development.
- Excellent experience in **Debugging and Troubleshooting** existing code.
- Worked on **Responsive Web Design** using **Media Queries** and **Twitter Bootstrap.**
- In-Depth knowledge on CSS Pre-Processors like **SASS, Less and Compass.**
- Thorough understanding of providing specifications using the **Waterfall Model, Rational Unified Process (RUP) and Agile** software methodology to modeling systems and business processes.
- Handling **Cross Browser/Platform Compatibility** issues (Internet Explorer (IE), Firefox, Opera, Google Chrome and Safari).
- Strong perseverance and diligence towards attaining challenging goals.
- Capable of quickly learning and delivering solutions as an individual and as part of a team.
- Self-motivated team player with excellent interpersonal and communicational skills.

Technical Skills Matrix

Operating Systems: Windows XP Professional, Windows Vista, Windows 7, Windows 8, MAC OS X

Web : FileZilla, Apache Tomcat, Google Analytics, SOAP, REST

Web Technologies: HTML 4 and 5, CSS 2 and 3, Object-Oriented (OO) JavaScript, jQuery, AngularJS, CanJS, Ionic Framework, NodeJs, RequireJs, AJAX, XML, JSON, SASS, Compass

GUI Editors: Eclipse, Dreamweaver, NetBeans, TextPad, Sublime Text, Atom, Maven build tools.

Databases: Microsoft Access, Oracle SQL Developer, MYSQL, SQL SERVER , SYBASE

Methodologies: Agile, Waterfall Model, Rational Unified Process (RUP)

Mobile: Android, PhoneGap, jQuery Mobile , Ionic,

Other: Microsoft Project, VMWare Workstation, Microsoft Office

Additional Web Tools: Twitter Bootstrap, Angular JS, SPSS Modeler, Tableau. Microsoft Office Suit

Graphics Editors: Adobe Photo Shop CS3, Adobe Illustrator (CS6), InDesign, Acrobat X Pro

Education

Masters: Computer Science GPA: 3.78/4

Loyola University of Chicago - Chicago, IL

Bachelors: Marketing GPA: 3.24/4

Northeastern Illinois University - Chicago, IL

Associate: Computer Science GPA: 3.45/4

University of North Alabama - Florence, AL

Professional Work Experience

JP Morgan Chase NYC, NY

Aug 2014- Present

UI Mobile/Web Application Developer

Description:

JPMorgan Chase (NYSE: JPM) is one of the oldest financial institutions in the United States. With a history dating back over 200 years. A leading global financial services firm with assets of \$2.4 trillion. It operates in more than 60 countries with over 240,000 employees and serves millions of consumers, small businesses and many of the world's most prominent corporate, institutional and government clients.
